

Abortion Statistics

In the United States of America, there have been up to one million abortions (AB) in a year. The Beltway 8 South Crisis Pregnancy Center was opened in 2004 to help combat these statistics.

“To fail on this question of abortion will be the failure of the greatest moral test of the century. This could be the last chance for Christians to stop our society from becoming totally secular and humanistic. If Christians do not take this opportunity to lead, I doubt we will get another.” Francis Schaeffer
